

Name:- Akshay Patel (2016ME20793)

Partd

Hyper parameters

Learning rate = 0.3  
maxIteration = 3000  
batchSize = 80  
layer = 315

I have tried gabber filter but my accuracy got decreased so I decided to submit without filter. I have tried dct and fft also but I'm not able get the logic of using them. Also tried HOG for edge extraction getting memory error.

Graph. For gabber filter

Error

accuracy

Graph without filter
